Aquatic Names Top Sales Representatives Nationwide

ANAHEIM, CA (February 19, 2015) - [Aquatic](#), a leading manufacturer of bath products, announced the national winners of the company's top sales representatives and plant managers nationwide during the recent 2015 International Builders' Show (IBS), held in Las Vegas, NV. The winners were announced during a celebration of Aquatic's 50th anniversary as a premier bath manufacturer.

Aquatic had a large presence at the IBS event, showcasing a broad spectrum of products, including new models recently added to the best-selling [Serenity hydrotherapy](#) series.

"For 50 years, Aquatic has maintained a solid reputation for exceptional engineering and design in bath products that professionals and consumers choose year after year," said Martin Joines, Senior Vice President of Sales, Aquatic. "But we couldn't achieve any of that without our people. We were honored to recognize our Aquatic Reps of the Year at IBS."

Aquatic honored the following companies and individuals:

2014 Aquatic Reps of the Year:

- Western Region: Ben Cook & Associates of Denver, CO and Salt Lake City, UT (Southern Idaho, Wyoming, Western Nebraska, Colorado, Utah, Northeast Nevada)
- Midwest Region: Preferred Sales of Hermitage, PA (Ohio, West Virginia, Western Pennsylvania)
- Southern Region: Southwest Sales of Coppell, TX (Texas)

- Eastern Region: Carolina Sales Associates of Charlotte, NC (North Carolina, South Carolina, Georgia)

Preferred Sales was also named the Manufacturer's Representative of the Year overall. The company showed an overall increase of 43% in sales in Ohio, a market that was down 3% in total housing starts. Aquatic's Midwest Regional Sales Manager, Kevin Brown, attributed Preferred Sales' large increases to a focus on accessible bathware sales and targeted building accounts.

Additional awards were presented to:

- Plant Manager of the Year- Mike Bowles, Elizabethtown, PA
- Regional Sales Manager of the Year- Kevin Brown, Midwest Region

"All of our sales associates are exemplary, but our winners excelled in many areas," said Joines. "These companies and individuals showed the highest market share and unit growth in 2014."

About Aquatic

At Aquatic, we are the bath people – a skilled team of American craftspeople and service personnel – dedicated to delivering bath products and bath experiences unlike any other. Aquatic offers the largest and most innovative selection of tubs, showers and bathware accessories.
