SOLUTIONS BUILT IN.

Sophisticated in design, construction, form and function, Aquatic's FreedomLine Trench Drain showers are smart accessible bathing solutions for a wide range of audiences. Designers will appreciate its crisp lines and oversized tile. Builders and contractors will welcome its innovative water containment features and code compliant design. Residents and caregivers will value its safety and convenience. From concept to project completion, our expertise and passion for addressing the challenges of our customers at all stages rings loud and clear.

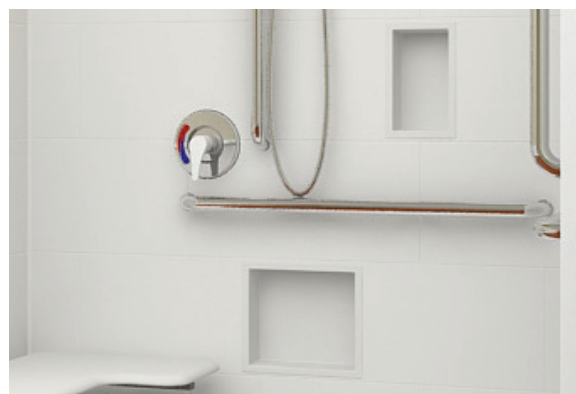

OVERSIZED SUBWAY TILE

A fresh take on a classic design, an oversized subway tile pattern lends a modern and welcoming touch.

MAXIMUM CONTAINMENT

The wall-to-wall linear trench leaves little opportunity for water to travel anywhere but down the drain.

RECESSED TOILETRY SHELVES

Easy to reach storage is set into the shower wall—convenient and compliant, with no unnecessary obstructions.

TALL WALL OPTION

A height-extending topper allows for a 91-inch floor-to-ceiling wall height

What makes an Aquatic bath great? It's more of a question of 'who?'

Behind every product is an expert—an engineer, a designer, a machine operator—someone who is passionate about making bathing a comfortable and enjoyable experience for everyone.

So when you choose Aquatic, you're choosing more than a shower, tub or other bath product.

You're choosing people who are the best at their craft. And that means you can relax knowing you're getting the best quality, value and options for your specific project.
